Download the official version of OBS Studio: You can also visit the OBS Project GitHub Releases page. Note: If using the .zip method for either the full or small install and installing to a non-standard program location (i.e. outside Program Files), you will need to add the security group ALL APPLICATION PACKAGES to have full control over the main OBS Studio directory and sub-directories. Certain features may not function properly without these security rights (primarily, the ability to use game capture on UWP apps).
